## Products Overview

**Cellensis** is now offering New Mobile Compliance and Control Solutions and Services, these include the "PLATO" Suite a new Smart Mobile Phone and PDA Voice & Data Compliance Solution and Service, consisting of "PLATO Corporate" and "PLATO-Lite", with a fully integrated suite of messaging and mobile services, plus a New Interactive Integration Mobile Framework that can be used for compliance and third party Solution developments - "PLATO plus

### "PLATO Corporate"

The Suite is a new technology offering Compliance Management and logging of voice calls and messages made to and from Corporate Smart Phones BlackBerry and PDA's. The solution is a complete end to end service for Audio and Data Management. The solution went through Core Technology trials in 2008 and will be user tested in early 2010.

### "PLATO Lite"

"PLATO Lite" is a cut down version of the Full Compliance Management solution, allowing the user full control, offering the Recording, Email and Replay of voice calls and messages made to and from individual mobile devices.

### "PLATO Plus"

"PLATO Plus" is a Mobile Data, Messaging and Communications Application Integration Framework that enables businesses to integrate Smart Mobile Devices into third party applications, ie; CRM, ECM and many others.
